

Sutton Energy Committee Meeting  
March 15, 2021  
Minutes

Attendance: Dana Patoine, Maurice Guertin, Darlene Ahrens

Discussed the Window Dressers Coordinator position as Window Dressers is a go this year. Maurice said he might be interested if he knew more about what is entailed. Darlene will write up a job description and a best guess at required time commitment.

Discussed a programmable thermostat for the Town Office building to reduce energy use. Dana estimated it would cost between \$60 -\$100. We will add this to the items to be discussed with the Selectboard.

Discussed possible dashboard items including but not limited to heating oil consumption, kwh, # of electric or hybrid cars i. Town, # of household having had an energy audit, and # of people telecommuting. We will discuss further both the items for a dashboard and a possible annual Town Meeting Day Survey at our next meeting.

Discussed avenues for getting energy efficiency info out. To be discussed further next meeting.

The meeting was adjourned at 6:35

Respectfully submitted
